

RN Resources / RN visits

Schedule via Amb communication order to MA to schedule RN visit at the time of clinic visit
Please be clear in your note what the RN visit is for and what you would like to be done. RN visit can be phone visit or face to face visit. Limit the RN visit to 1 issue

Services Provided:

-Medication list review, Blood pressure checks, Glucose log check, Vaccinations

Resources for Diabetes Management

Diabetes Education Class

Submit “Amb communication” order at the time of clinic visit for DM Education Class, and MA will book directly.

Services Provided:

Group DM classes run by nursing education (RN Ana Alvarado-Leavit, RN, Certified DM Educator). Appropriate for patients with newly diagnosed DM or pre-DM.

Obesity Weight Loss Class/Referral to Nutrition

Submit e-consult to “Nutrition”

Services Provided:

Nutrition will triage and book for 1:1 visit or group class to help with DM diet education, meal planning, etc.

RN visit for DM management

Submit “Amb communication” order at time of clinic visit to schedule RN visit for blood glucose check/DM education/new insulin start.

Services Provided:

RN will review blood sugar log with attending to titrate oral medication or insulin. RN can provide instruction for insulin starts, and DM education to patient as appropriate.

Endocrinology Referral

Submit e-consult to “Diabetes- Adult”

Services provided:

Endocrinologist can give advice on diabetes management or may accept patient for face to face evaluation in endocrinology clinic (e.g. to start insulin U500)
